

# MC-DPKN95 SPECIFICATION SHEET

CHOCTAW-KAUL  
DISTRIBUTION COMPANY | EST. 1912

## Product Model:

KN95 Respirator

## Industry Standard:

EN149:2001 + A12009

GB2626-2006

## Components:

PP Viscose Non-Woven + Melt Blown Fabric

Quadruple Filter Layer

Durable Metal Nose Clip

Elastic Ear Loop Design

## Valid Period:

3 Years from Date of Manufacturing

## Origin Country:

China

## Packaging:

Minimum Order Quantity of 100/Each

## High Efficiency Particulate Respirator

### MC-DPKN95 Features and Benefits:

- KN95 Respirators are recognized by the CDC for protection against the Covid-19 virus as an alternative N95 equivalent.
- KN95s do not require testing by US National Institute for Occupational Safety & Health.
- The intended use and purpose of a KN95 is to reduce wearer's exposure to particles including small particle aerosols and droplets.
- KN95s filter out 95% of airborne particles as does an N95 Respirator.
- KN95 Respirators offer wearers more inhalation protection than a Surgical Mask.
- Folds flat for convenient storage.

### MC-DPKN95 Notices:

- **DO NOT** use for gases & vapors, oil aerosols, asbestos, metal fume or chemicals
- **DO NOT** use for particulate concentrations exceeding 10X PEL/OEL
- **DO NOT** use in any manner not indicated in the user instructions
- Mask should not be damaged or contaminated
- If dizziness, breathing difficulties, or other discomforts occur, immediately leave the area
- Do not modify, clean, abuse, or incorrectly use mask
